On Thursday, 01/27/2011 I responded to 1740 Corey Wood Circle, as part of the Violent Crimes Unit, in reference to two dead persons were discovered in the residence. While on the scene I entered the residence to view the crime scene and observe EMS check the vital signs for the male subject, which showed no signs of life, who was lying on the living room floor under a blanket.

After a search warrant of the residence was served I assisted other Detectives on the scene with the search. During the search I discovered a cell phone between the mattress and the wall in the female's bedroom. The phone was placed into LCSO evidence.
